PROFILE

Python Developer specializing in **FastAPI and Django backend development-**, REST API design, and full-stack web applications using **React**. Proficient in **PostgreSQL, SQLAlchemy, Docker, and API integration**, with experience building scalable and production-ready applications.

EMPLOYMENT HISTORY

Technical Consultant, Leaping Frog Solutions Mumbai
Dec 2023 — Jun 2024

- I served as a Technical Consultant, acting as the primary bridge between functional teams and stakeholders to translate complex business requirements into scalable system deployments. Working on projects that involved large-scale data migrations and custom web service architecture, I leveraged my expertise to ensure seamless cross-platform data exchange and robust technical functionality.

Software Engineer, Shalom ERP Pune
May 2020 — Nov 2023

- I served as an ERP Consultant, focusing on the end-to-end execution of full-cycle Business Central/NAV implementations for diverse organizational scales. Working on projects that involved complex AL language development and core module configuration, I leveraged my expertise to provide critical post-go-live support and performance optimizations to ensure seamless system functionality

EDUCATION

B.Sc in Computer Science, Dr. BAMU University Aurangabad
Jun 2010 — May 2013

MCA, Government. College of Engineering Aurangabad
Jun 2013 — May 2016

COURSES

Python Full Stack, Naresh IT
Jan 2025 — Jun 2026
